PCI GROUP INC. PARTNERS WITH CR SOFTWARE LLC

Fairfax, VA, June 29, 2010 – CR Software LLC (CRS), the leading financial software solutions provider to collections entities, announced today that it has signed a preferred vendor agreement with PCI Group Inc. (Fort Mill, SC), one of the nation’s leading providers of rapid outbound direct mail services for collection agencies and debt buyers.

“Our alliance with CR Software enables us to expand our growing network of collection agencies and debt buyers to include those that use CR Software,” said Anthony Faldetta, Vice President of Business Development for PCI Group. “By being linked into CR Software, we can give these organizations access to our products and services, and the industry’s most advanced mail technology and security.”

Faldetta added, “CR Software is recognized in the marketplace as being user-friendly and robust in its generation of valuable reports. At PCI Group, we also pride ourselves in offering sophisticated mail solutions that address our clients’ information needs, and offer access to the most current information on their mail’s status in real-time.”

PCI Group President and Chief Executive Officer Christian Kropac Jr, added, “Through the application of advanced proprietary, web-based solutions, Intelligent Mail Bar Code technology and a stringent Quality Control process, we are able to consistently provide a high level of service as evidenced by our exclusive 24-hour in the mail guarantee. Our clients appreciate this consistency and our application of sophisticated technologies that afford important benefits such as reduced postage costs, real-time online tracking and job status reports, and the assurance that their sensitive data is being treated with the highest security.”

“CR Software strives to provide users with best-of-breed ancillary solutions,” said Edz Sturans, President of CR Software, LLC. “Our partnership with PCI Group will give our customers fully-integrated outbound direct mail services to PCI Group’s proprietary logic to improve their ability to control costs, better manage their resources, and fortify their profitability.”
