### **Preeminent Collection Law Firms in Southern California Join Forces – Guerrini Law Firm and Gaba Law Corporation**

Los Angeles, Calif., November 17, 2018 – On Friday, November 16, 2018, The Guerrini Law Firm and Gaba Law Corporation announced a merger of their two law practices, combining their collection and judgment enforcement law firms. Beginning on January 1, 2019 the combined firm will be known as Gaba Guerrini Law Corporation and have offices located in Los Angeles and Orange County to service their clients throughout the state of California.

The new firm will continue to be led by Messrs. Guerrini and Gaba, while it will emphasize a renewed focus on providing clients with representation in all collection cases throughout the state. With the two firms becoming one, it will be comprised of more than 20 legal professionals to efficiently serve clients in their consumer and commercial debt collection needs anywhere in the state of California.

“By joining forces, we aim to be the top collection law firm in California, servicing every county in the state,” said Guerrini. “The collection practice has changed in the last 25 years, with clients demanding higher levels of service. It is this focus on customer service that will set Gaba Guerrini apart from any other firm in the state.”

“Both firms enjoy tremendous respect in the industry,” said Gaba. “It was a natural fit to join our firms, because both of our firms are widely recognized as top tier collection practices in California. Indeed, the goal of each of our firms has been for some time to grow to a state-wide firm that provides exceptional collection and judgment enforcement services to all of its clients.”

The marriage of the two firms represents Messrs. Guerrini and Gaba’s shared commitment to continually provide the highest quality legal services to all clients.

The Guerrini Law Firm was established in 2005 and has been continuously led by Mr. Guerrini, while Gaba Law Corporation was established in 2008 and has been continuously led by Mr. Gaba. Both firms have focused on consumer and commercial collections as well as judgment enforcement.
