

Cherrywood Enterprises, LLC

Who are we?

Cherrywood Enterprises, LLC was created in 2012 by Craig M. Geisler and David L. Geisler, with the idea of becoming the premier buyer and seller of debt portfolios. Since then, we have marketed to over 460,000 banks, credit unions, and auto lenders. We have purchased over \$18 billion in charged off receivables across the US, with a strong focus on auto deficiencies and consumer and commercials loans.

What makes us different than other buyers and sellers?

Having been in the debt buying industry since 2007, we have seen many companies come and go. Some having a strong focus on technology, others with a strong focus on customer service, and still others boasting clean files and chains of titles. It is our assessment that while individually these traits are excellent, a company who can whether the storm, needs to have ALL of these characteristics in place. That's where we come in. First, we focused on the files. When you have great files to offer, buyers will be interested. Next, having the technology to not only advertise, but to deliver the files and backup docs efficiently is key. Lastly, not only having, but delivering the Bills of Sale and Chains of Titles, allows our buyers to procure judgments and settlements without any delays in showing ownerships rights! That is what Cherrywood Enterprises, LLC brings to the table. All three of these traits are the keys to our success.

The 6 Pillars of Character:

We integrated the 6 pillars of character into our mission statement. What are the 6 pillars of character?

We believe that every relationship is crucial to our continued success, and our belief starts with being trustworthy, giving respect, being responsible and fair, and showing we care about our clients and using lawfulness for the common good of our clients. We aren't just looking to complete a one-time sale, we are looking to make a customer for life with every sale! We can work with all kinds of budgets from \$10,000 to \$1,000,000. We have the ability to sell portfolios by state, by region, or nationally. We offer multiple asset types such as auto deficiencies, performing auto, judgments, commercial loans, consumer loans, and so much more.

What can you expect when doing business with Cherrywood Enterprises, LLC?

You can expect quality portfolios, with a clean chain of title. You can trust us, in what we tell you will get from us on a file, is what you can expect! We are dedicated to our buyers in following up with anything from back up docs, to affidavits, and buybacks. In short, we are not a fly by night company who is looking to make a sale and forget the rest. Our buyers are an integral part of our success, and we are not about to forget what has made us successful!
