

Big News: FDCPA Certifications has relaunched with a new website and a new training platform!

March 16th, 2020: For the past 8 years FDCPA Certifications has delivered a comprehensive 3rd party FDCPA online compliance course for companies whose employees interact with past due consumers by written or verbal communication. Our self-directed course is a video and written format that is proven to promote better material retention and can be taken at the student's own pace.

Over 600 companies with several thousands of unique students have taken the course and our final exam. Those passing the exam immediately received certificates of completion, were more confident and were empowered against the pitfalls of FDCPA violations!

The more confident your employees are the more revenue you will generate.

In addition, attorneys who passed the exam received CLE credits. Our company, which is owned by Robert Pinchuck & Jack Gordon, is proud to announce that we have developed a newly updated website, a more user-friendly management portal including a swift sign-up process for new customers and an easy migration process for existing accounts.
